

Our new home

While essential maintenance work is conducted on our ward, we're temporarily moving our home.

All staff and patients on this ward will be moving on 28 August to Ward 7, which is located on the first floor of the hospital, at the corner of the east and north corridors (*please see map overleaf*).

While our location is changing, our telephone number 01493 452628 remains the same so please continue to use this if you are ringing the ward.

We are scheduled to return to our regular location on Ward 12 once the maintenance work is completed at the end of December.

If you have any queries, please speak to the duty nurse in charge.

Ward 7 is located at the corner of the east and north corridors.
