

Freedom of Information Request – 3751

Could I have (under FIA) information on the total cost to the hospital, including the on costs, of the 32 administrative staff positions shown on its March 2017 internet organisational chart?

The Total cost of the 32 staff positions shown on the March 2017 internet organisational chart is £4,074k, however not all of these staff are administrative, a proportion are clinical staff that also deliver direct patient care.

How much JPUH has recently spent annually on non-medical consultancy, please?
£116k
