

Freedom of Information Request - 4084

- 1. How many gynaecologists within your organisation perform laparoscopic procedures requiring morcellation?**
**see below*
- 2. How many power morcellators do you purchase per annum for gynaecology?**
**see below*
- 3. How many power morcellators do you use in gynaecology per annum?**
**see below*
- 4. How many laparoscopic hysterectomies requiring morcellation do you perform annually?**
**see below*
- 5. How many laparoscopic myomectomies requiring morcellation do you perform annually?**
**see below*
- 6. For patients requiring morcellation, do you routinely perform pre-operative MRI?**
**see below*
- 7. For patients requiring morcellation, do you routinely perform pre-operative endometrial sampling/biopsy?**
**see below*
- 8. During the consent process, do you specifically consent for power morcellation in gynaecology?**
**see below*
- 9. During the consent process, what risk of inadvertent leiomyosarcoma do you quote during hysterectomies/myomectomies for benign fibroids?**
**see below*
- 10. During the consent process, what risk do quote for spread of inadvertent leiomyosarcoma from power morcellation?**
**see below*
- 11. Has your organisation ever encountered inadvertent leiomyosarcoma following hysterectomy or myomectomy for presumed benign indications? If so, many?**
**see below*
- 12. Do you have information leaflet about morcellation in gynaecology?**
**see below*
- 13. What audit procedures do you have in place for gynaecologists participating in power morcellation?**
**see below*

** James Paget University Hospital NHS Foundation Trust do not utilise power morcellators in gynaecology.*
