

Prostate Biopsy Aftercare

- Relax at home for 12 – 24 hours.
- You may pass a little blood in the urine for 7 – 10 days. Increase your fluid intake by at least 4 glasses a day if this is the case.
- You may pass a little blood from the back passage for 7 to 10 days.
- You may pass some blood in the semen, which should clear in 1 – 2 weeks.
- Do not drink alcohol for 48 hours.
- If you develop a urine infection (increased frequency, urgency, pain passing urine or in the genital area persistent bleeding) or feeling generally unwell (fever, chills) you should attend A&E.

**We will write with the results or send you
a clinic appointment in 2 to 4 weeks.**
