

**Freedom of Information Request – 4647**

I am writing to ask about gaseous and intravenous anaesthetic agents used across your Trust. In particular, I would like to know the total volume and total amount spent individually for EACH of the following agents sevoflurane, desflurane, isoflurane, nitrous oxide, and propofol PER YEAR between 2006 and 2018 as shown below:

- Total (annual) volume purchased for EACH agent (incl. sevoflurane, desflurane, isoflurane, nitrous oxide, and propofol) PER YEAR for 2006-2018 (in millilitres or litres). *See below*

- Total (annual) volume used for EACH agent PER YEAR for 2006-2018 (in millilitres or litres). *See below*

- Total (annual) amount spent on EACH agent PER YEAR for 2006-2018 (in pounds sterling). *See below*

*Please note:*

- *In the context of our service I can only provide details of what we've supplied, not what was actually used by the clinical team.*
- *We only have access to information since 2015*
- *We do not have records of nitrous oxide usage*
- *Our system does not record the names of the supplier*
