

Lung Cancer & Mesothelioma Support Group

Our group is for patients and relatives affected by lung cancer or mesothelioma.

We meet at Hopton Village Hall every six months where we have speakers, quizzes or various entertainment (we are always open to suggestions). We have a Christmas lunch at the Pier Hotel and meet socially for days out throughout the year, such as boat trips on the Broads and Christmas outings. Meetings are informal and fun, where you will receive a warm and friendly welcome.

Emma, the lung cancer nurse, is present at meetings if patients want to talk to them briefly but **our group is a social one, and this is the focus our patients have told us they want. We do not sit around and talk about their illness.** The nurses are more than happy to speak to patients or relatives in more detail about clinical issues during office hours Monday-Friday on 01493 452047.

Our group is funded by raffles at the Hopton sessions, fundraising and donations. Any donations can be made payable to 'Lung Cancer Support Group' and would be gratefully received. Funds go towards the cost of the hall and subsidising trips.

If you wish to be removed from the mailing list please ring us on 01493 453482.

Emma, Laura, Emily, Gordon, Gina and Lynsey, the lung cancer and mesothelioma team.
