How many patient meals at the trust were returned uneaten in the 2024-25 financial year?

We don't normally record individual uneaten plates, as they get mixed in the bins but what we do for ERIC purposes is record the returned plate waste:

24/25 was 3400kg a year = roughly 1133 plates

How many patient meals at the trust were returned uneaten in the 2023-24 financial year?

We don't normally record individual uneaten plates, as they get mixed in the bins but what we do for ERIC purposes is record the returned plate waste:

23/24 was 2960kg a year which will equal roughly 986 plates.

What is the average cost to the trust of each patient meal?

£2.70
