

**Freedom of Information Request – 3581**

**Please disclose your costs for the last two complete financial years for complying with the ‘Prevent duty’, that is the obligation under s26 of the Counter-Terrorism and Security Act 2015 to have ‘due regard to the need to prevent people being drawn into terrorism’. These costs should include a breakdown of:**

**a. Training costs;**

- There are no training costs associated with our Basic Prevent or Prevent Awareness (Level 3) training. We use the training courses which are provided by ELFH (E-Learning for Health).

**b. Equipment costs**

- There are no equipment costs associated with our Prevent training.

**c. Any other costs that you encounter as part of complying with the duty**

- The only costs associated with our Prevent training will be the time in which it takes staff members to complete this training.
- It is advised that the Basic Prevent training takes approximately 35 minutes to complete, whilst the Prevent Awareness training takes approximately 55 minutes to complete, however all staff members read and take in information at different rates and therefore takes different amounts of time to complete the training; also, to note staff members on different pay bands. We therefore are unable to provide an accurate cost estimate of backfilling staff members so that they can complete this training.
