

Freedom of Information Request for Data on Diagnostic Imaging

1. Does your Trust provide CT and/or MRI scanning services at any of its sites either directly or via a third party provider?

Please select

Yes

Thank you, please answer the following questions

2. How many scanners does your Trust currently have installed? (please complete the table below)

| | CT | MRI |
|---------------------------------------------------------------------------------|----|-----|
| Total Number of Scanners | 4 | 3 |
| Number of Static* Scanners located at Community Diagnostic Centre locations | 2 | 1 |
| Number of Static* Scanners NOT located at Community Diagnostic Centre locations | 2 | 2 |
| Number of Mobile Scanners | | |

*i.e. fixed, non-mobile scanners installed in a permanent / semi-permanent location

3. Has your Trust used any third-party providers within the last three years to deliver static or mobile CT or MRI services at your Trust (excluding services delivered at CDC locations)?

Please select

Yes

Thank you, please complete the following table

4. If your answer to question 3 was "Yes", please provide details of the services and providers below.

| Provider (e.g. Alliance Medical, InHealth, Compleo, Agito, Cobalt etc) | Type of Scanner (Select from drop down) | Site of Scanner (Please enter) | Type of service procured from third-party provider (select from drop-down) | Number of Scanners | Contract Start Date | Contract End Date |
|------------------------------------------------------------------------|-----------------------------------------|--------------------------------|----------------------------------------------------------------------------|--------------------|---------------------|-------------------|
| Alliance | Mobile MRI | | Staffed with Reporting | 1 | around 2005 fur | 30.9.25 |
| DHC | Mobile CT | | Staffed with Reporting | 1 | 2022 | 30.3.25 |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |

5. If your Trust has used a mobile MRI or CT service (that you operate or a third-party operates) in the last three years, what was the reason for using the service? Please tick all that apply

- a) Routine ongoing additional capacity
- b) Interim capacity during scanner installation / replacement
- c) Ad hoc additional capacity (e.g. at times of high demand)

d) Interim capacity to support CDC build

e) Other (please specify)

6. If your Trust has provided mobile scanning services, what was the approximate volume of CT and MRI scans carried out using mobile services in the last three years?

| Year | CT | MRI |
|----------------------------|------|------|
| 2023/2024 | 7874 | 6775 |
| 2024/2025 | 7811 | 6897 |
| 2025 / 2026 (year-to-date) | 0 | 3426 |

Thank you!
