2. Mental health attendances

Please provide the total number of attendances at your Type 1 Emergency Department(s) where the patient’s primary presenting complaint, diagnosis, or clinical reason for attendance was recorded as a mental health condition or mental health crisis, for each reporting period.

If your Trust uses a specific coding definition or national dataset to identify these attendances, please use your standard reporting definition and briefly describe it.

Year	Mental Health Category	Attendances
2021	CQUIN Mental Health Patient	1552
2021	Unvalidated Mental Health Patient	1511
2022	CQUIN Mental Health Patient	1431
2022	Unvalidated Mental Health Patient	1492
2023	CQUIN Mental Health Patient	1616
2023	Unvalidated Mental Health Patient	1516
2024	CQUIN Mental Health Patient	1668
2024	Unvalidated Mental Health Patient	1435
2025	CQUIN Mental Health Patient	1651
2025	Unvalidated Mental Health Patient	1398
2026	CQUIN Mental Health Patient	951
2026	Unvalidated Mental Health Patient	710

3. Waiting time for a mental health bed following a decision to admit

For the patients identified in Question 2 who required admission to a mental health inpatient bed, please provide the number of patients who waited the following lengths of time from the recorded decision to admit (or equivalent timestamp if a decision-to-admit field is not recorded) until departure from the Emergency Department:

- 4 to less than 8 hours
- 8 to less than 12 hours
- 12 hours or more

Please provide this information for each reporting year.

If your Trust records a different but equivalent measure (for example, decision to admit by the mental health team, accepted for admission, or another recognised timestamp), please provide that data instead and explain the definition used.
