

Freedom of Information Request – 4126

I am writing to make a request under the Freedom of Information Act 2000.

Please provide the following information:

- The total number of Legionella and Strep Pneumo diagnostic tests performed by your Trust during the calendar years 2024 and 2025 broken down by month if possible.

For clarity, the Trust performs dedicated urinary antigen testing for Legionella and Streptococcus pneumoniae. However, both organisms may also be detected through routine culture.

The figures provided may therefore include a combination of antigen testing and culture-based identification and do not represent a single standalone test pathway.
