James Paget University Hospitals
NHS Foundation Trust

Freedom of Information Request – 4760

Under the Freedom of Information Act 2000, I would like to request information concerning the following types of washing, disinfection and sterilisation equipment currently installed and/or in use at hospitals operated by your Trust:

1. **Instrument washer-disinfectors – machines used for washing and disinfecting surgical instruments and other reusable medical equipment.**
2. **Bedpan washer-disinfectors – machines used for washing and disinfecting bedpans, urinals and similar items.**
3. **Cart washers – machines used for washing and disinfecting transport carts, containers and similar equipment.**
4. **Sterilisers – equipment used for sterilising surgical instruments and other reusable medical equipment.**

Installed equipment
For each of the above equipment types, I would, where available, like to receive the following information:

- **Hospital and, where applicable, department** *James Paget University Hospital.*
- **Type of equipment**
- **Manufacturer**
- **Model**
- **Number of installed machines**
- **Year of purchase or installation**
- **Purchase price, where available**
- **Any additional equipment or accessories purchased together with the machine**

Service and maintenance
I would also like to request information regarding the service and maintenance of the above equipment, including, where available:

- **Frequency of servicing**
- **Number of service visits carried out**
- **Annual service and maintenance costs**
- **Whether servicing is performed internally by the Regional Health Authority/hospital or by an external provider**
- **Name of the external service provider**
- **Information on existing service and maintenance agreements, including, where available, contract period and value**

Spare parts
Finally, I would like to request information regarding purchases of spare parts for the above equipment, including, where available:

- **Number of spare-part purchases/orders**
- **The equipment or equipment type to which the spare parts relate**
- **Annual expenditure on spare parts**
- **Supplier of the spare parts**

For information concerning service, maintenance and spare parts, I would like to receive data covering the period 2019–2026 year to date, where available.
If information is already available regarding planned purchases, replacements or investments in new equipment, I would also like to request access to this information.
To clarify the information requested, the data could, for example, contain the following fields:

Hospital	Department	Equipment type	Producent	Model	Quantity	Installation year	Total purchase price	Service provider	Services per year	Yearly service cost	Yearly sparepart costs
Example: Hospital A	*CSSD*	Instrument washer-disinfector	*Producent A*	*Model 123*	*5*	*2021*	*GBP 50.000*	*Provider A*	*2*	*GBP 4.000*	*GBP 1.500*

This table is provided solely as an illustration of the information requested. There is no need to process or restructure the information into this format if it already exists in another format.

I would preferably receive the information in an electronic, machine-readable format, such as Excel or CSV, where it is already available in such a format.

If the information is available at a more granular level—for example, with one row per machine, service visit or spare-parts purchase—I would be very grateful to receive it at this level rather than as an aggregated summary.

If the requested information is distributed across several existing systems, registers or documents, I request access to the existing material containing the relevant information.
There is therefore no need to prepare a new analysis or summary solely for the purpose of responding to this request.

Department	Equipment	Manufacturer	Model	Quantity	Installation Year	Total Purchase Price	Service Provider	Services Per Year	Yearly Service Cost	Verification Visits	Internal & External Service	Spare & Parts
HSDU	Porous Load Steriliser	Steelco	VS12/1	3	2016	Unknown	Peacocks	2	£35k	3 Quarterly and 1 Annual	External	Included within service contract
HSDU	Washer Disinfectors	Belimed	WD 290 IQ	6	2021	Unknown	Im-Med	2	£45,000	3 Quarterly and 1 Annual	External	Included within service contract
HSDU	Ultrasonic Instrument Cleaner	Ultrawave	Hygea D3ntal	1	HSDU	£504.00	Hygea	1	£420.00	1 Annual	External	Included within service contract
HSDU	Low Temp Steriliser	ASP	Sterrad 100 NX	1	2025	£84k	ASP	2	£5,513.74	1 Annual	External	Included within service contract
EDU	Automated Endoscope Reprocesser	Steelco	EW2/2	5	2018	Unknown	Peacocks	2	£94,937.35	3 Quarterly and 1 Annual	External	Included within service contract
EDU	Storage Cabinet	Steelco	ED200/1	5	2018	Unknown	Peacocks	2	Inc with above	3 Quarterly and 1 Annual	External	Included within service contract
EDU	Storage Cabinet	Steelco	ED200/3	1	2023	Unknown	Peacocks	2	Inc with above	3 Quarterly and 1 Annual	External	Included within service contract
EDU	Vac Pack Machine	Cantel	Surestore	1	Unknown	Unknown	Steris	3 Quarterly and 1 Annual	£3,977.20	3 Quarterly and 1 Annual	External	Included within service contract
Various	Low Temp Steriliser	Nanosonis	Trophon 2	7	Various	Unknown	Nanosonics	1	£9,371.25	1 Annual	External	Included within service contract
HSDU/Speciality Robotics	STERRAD	STERRAD 100 NH	STERRAD Velocity Reader	1	2025	£84K	ASP	2+1	£5.5K		External	

Unfortunately, some of the purchase prices are unknown due to new procurement software and changes in management
